

EVOLUTION from MID 2021 OF CHRONIS SMOOVE AND SOLIRIS SMOOVE PRODUCTS AND QUICKCOPY PC SOFTWARE:

1) For the NEW Chronis Smoove and Soliris Smoove products, please use QuickCopy PC software version R207!

From mid 2021, Chronis Smoove and Soliris Smoove controllers will be delivered with a new software (SW V1609):

Chronis Smoove Uno: Index D (label on the back of the control unit 5xxxxD).

Chronis Smoove Uno S: Index D

Chronis Smoove IB+: Index D

Soliris Smoove Uno: Index E

Soliris Smoove IB+: Index E

To benefit from the new functions of the controllers, an update of the QuickCopy R207 PC software is also available.

2) For the UP TO NOW Chronis Smoove, Soliris Smoove and Smoove Uno A/M io products please use QuickCopy PC software version R201!

These controllers have a software version older than V1609 and were produced until mid / end 20.
